Memorial Day Weekend's awesome weather jump started the summer season here at the Beach. The Boardwalk was jam packed with people and Funland had hardly an empty seat on its rides. If that weekend was any indicator of the crowds that will be visiting this summer, we're going to be super happy we live in our little oasis right outside of all the action. It's there when we want it, and we have our little quiet place when we need R & R. The best of both worlds!

The Grande is always bustling with activity. With wine parties, a book club, a card club, an annual yard sale, movie night, a bike group, a newsletter, an online discussion group, restaurant outings, a web site, as well as countless spontaneous community events. Ride down the street and wave to someone, and you'll most likely get a wave back. I doubt you will find another neighborhood around as friendly and connected and as active as we are. What a Grande Lifestyle we share!

This edition of our newsletter has more contributors than ever before! We asked for articles, and we sure are getting them. Thanks to all of our wonderful neighbors who took the time to add to our Summer Newsletter.

As you peruse this edition of our newsletter, you will see articles and photos from many of the activities mentioned above. Whether Single Family Homeowner, Townhouse, or Condo Owner, we have all become an integral part of our community.

This issue's editorial team consisted of Jack Casto, this issue's Editor in Chief; Kathy Pizzadili; John Zingo; Linda Casto; Diane Markman; and Irish Lombardi; Kudos to our newest contributors! We hope you enjoy what we have put together for you and welcome you to contribute to this truly neighborhood endeavor.

Welcome to the Neighborhood to our newest neighbors!
Online Discussion Group

Our neighborhood's Online Discussion Group continues to grow. We are now up to 270 very connected neighbors. Everyone in our neighborhood is welcome to join whether SFH, Condo, or Townhouse owner. If you are not yet in the group, send a request to join via email to canalpointe@gmail.com.

Many of us find it a great place to get answers to pressing questions. Whether you just arrived and your A.C. is on the blink and you need a recommendation for the needed repair, whether you're looking to sell something, want to get an activity started, etc., your neighbors are standing by to help you out. This is how it is here in Canal Pointe. We care about our neighbors. Kudos to Moderator Sam Markman!

We also have a website

www.canal-pointe.com
One of the things you can find there is all of our past issues of this newsletter.

SUNSHINE

Happy Healing, Neighbors!
The Newsletter Staff sends our

GET WELL SOON!
brightest wishes to say "GET WELL SOON" to our neighbors who have had accidents, are ill or under the weather. We hope you feel better in no time!

Sincerely,
Linda Casto & Newsletter Staff

Rehoboth Farmers Market Tip

During Rehoboth Farmers Market hours [Tuesdays 12-4], free parking is available within a 2-block radius from the market on Henlopen Avenue, Columbia Avenue, Sussex Street and Felton Street

Speaking of Farmers Markets

Earl and Mary Ann's farm, which sits on Holland Glade Road just around the corner, has been in their family for generations. Four or five years ago, they decided to open a stand to sell their fresh milk and vegetables. Their stand is called Rustic Acres Farm Market. Over the years, their business has evolved into selling ice cream, cheeses, eggs and their own meat and chickens that he drives up to Dover to another organic farm and brings back to sell. You will see Earl on Sundays smoking chickens and regaling you with stories about the area or the food that he specially prepares. We have been going to the farm for about 4 years now and we love it. Be sure to check them out in their brochure that we are including in the back of this newsletter.

EZ directions: Take a right at our entrance and a right at the stop sign at Glade Road. Down the road 500 feet on the left.
BBQ and Fire Pit Safety
Mike Servello

Fire in the grill, under hot dogs and burgers, is a welcome sight at the family cookout. A portable fire pit or a chiminea can provide some soothing warmth on a cool evening. But fire anywhere else can make your summer kick-off barbecue memorable for all the wrong reasons. Be sure to use safe grilling practices as the peak months for grilling fires approach – June and July. Gas grills constitute a higher risk, having been involved in an annual average of 7,200 home fires in 2007-2011, while charcoal or other solid-fueled grills were involved in an annual average of 1,400 home fires.

Follow these tips to keep your BBQ cooking safe this Summer.

- Propane and charcoal BBQ grills, and portable fire pits must only be used outdoors. If used indoors, or in any enclosed spaces, such as tents, they pose both a fire hazard and the risk of exposing occupants to toxic gases and potential asphyxiation.
- Position the grill or pit well away from siding, deck railings and out from under eaves and overhanging branches.
- Place the grill or pit a safe distance from lawn games, play areas and foot traffic.
- Keep children and pets away: declare a three-foot "safe zone" around the grill or pit.
- Put out several long-handled grilling tools to give the chef plenty of clearance from heat and flames when flipping burgers.
- Remove grease or fat buildup in trays below grill so it cannot be ignited by a hot grill.
- If you live in an apartment building or condominium, never use a gas or charcoal grill or a portable fire pit on a patio or deck. It is unsafe.

We don't want any of this!

Alert!

Residents of Condo and Townhouses: Watch your mail for the election packet for the new Board of Directors. They have been mailed! This just in from Stuart Galkin:

- Election packets were mailed
- Complete and return ballot via mail or Fax
- Select only 5 from the list of 7 candidates

Bio’s of each candidate are included along with a ballot.

Does this mean you will now take control of the Board?
Persons of Interest

Tony and Venette Johnson

The off the chart friendliness factor of Canal Pointe was the deciding factor. A few years ago, Lewes Delaware was featured in an article as one of the best places to retire in the United States. We visited the area several times and decided Rehoboth Beach was the place for us. We bought our vacation / retirement home on Worcester Drive in June of 2013.

Venette and I migrated from Jamaica WI to the US in the early 1960s and as fate would have it, in 1973 we met each other at a bus stop on our way to school in the Bronx, NY and have been together ever since. We currently reside in Latham, NY. Tony is a Microelectronic Engineer at GE Corporate R&D and Venette is an Accountant with New York State. We have four children, eight grandchildren and two granddogs (Squeeze and Bolt). Can you guess who Bolt is named after?

Andre - an Orthopedic Surgeon resides with his wife Sandy & children in upstate NY. Michelle - an HR Manager for NY State resides with her husband Carlton in NY. Robert – is a Financial Management Intern at GE. Chris - is Senior VP at GE and currently resides with his wife Andriene & children in the Chicago area.

Our hobbies are hiking, biking, fishing and reading and most of all we love cruising, especially with our grandkids.

We love our beach community and most of all love our neighbors.

We will be around this summer so if you see us please stop by. We will be glad to cook up and share some authentic Jamaican Jerk with you.
Wine Club at Canal Pointe
By Kathy Pizzadili

April Wine Club brought a new twist to the party as guests were entertained by Kathy Gorman. (Beautiful Lady sings from Loft). Our hosts’, John Zingo and Rick Johnson, originally had planned this "After Holiday Treat " for January. Due to unforeseen circumstances they had to switch dates to April. This was just as much a treat after the Easter holiday! (Left: John and Rick toasting in their lovely Cavendish home. Below: guests enjoy the bounty of food and delicious variety of wines.)

May ushered in a first for the Wine club, also. By now everyone should be aware of our resident singing Stock Broker, Gary Richman. He sings at Ambrosia’s restaurant on Fridays. As a thank you to Gary and Canal Pointe for their patronage, owner Cristo catered the May Wine Gathering at Gary and Irish’s beautiful Cavendish home. As you can see below, everyone enjoyed the awesome atmosphere, fabulous food, neighborly company, and wonderful wine selection. (Left: Gary taking a break from singing and playing guitar with the never ending support of fiancé, Irish Lombardi.)
our own picture. Shown are: Janie, Maria, Kathy, Pat, & who is that lady with the dark hair? (An "Usie".
Yes, latest cell phone term for: we took

If you didn’t get a roasted marshmallow outside at the bonfire, while being serenaded, you missed out. All in all a top notch evening. Kudos Gary & Irish!

June introduced yet another wonderful wine gathering. Our hosts were Rick and Patrice Delargey. (photo shown below, to the left.) They opened up their gorgeous Greystone Home for the evenings festivities. The first 10 guests to arrive, shown immediately below, are already brimming with cheer, because they know the wonderful evening ahead will be filled with the excitement of lively conversation, delicious food, and never ending, pouring of great wines! Below, left, you can see all the neighbors enjoying the culinary arts. Pat and Rick have one of the few lots with a lovely back drop view, as there literally is a 7 foot drop from their back porch to their backyard (shown below, right.) If you are interested in coming to these wine gatherings, or hosting one, please contact me, Kathy, at: gap4k@aol.com The July gathering will be held at Sandy & Ed Kerns on Liverpool Lane.
Only At Canal Pointe
By Kathy Pizzadili

Where else can you see 14+ neighbors all going to the movies together? Well, the Grande at Canal Pointe got together to go and see “The Other Woman.” On April 27th we all car pooled to Movies at Midway. Between popcorn, candy, drinks, and laughter, everyone had a wonderful time!

(Pictured from left to right are: Maria & Vince C., Adriana P., Maria H., Brenda D., Kathy P., Ed D., Lynette L., Kathy & Jim C., Mary Lou K., Gary & Irish, and Gene K.)

Another event where neighbors have been getting together is: Dinner out every 2nd Tuesday of the month. This particular night, in May, we chose to check out the newer Restaurant, “Bramble and Brine.” The food was excellent, but the company was better!

(Pictured from left to right are: Maria, John, Kathy, Patrice, Ed, and Brenda.)

If you are interested, you will have to see our social director, Maria. For more information, email: Gap4k@aol.com
The Canal Pointe Bicycle Group
Kathleen Cadigan
delacyk@me.com

The CP bicycle group started in May 2014. We meet at the lower pool parking lot on Saturday mornings at 8 a.m. We have met several times, in groups as small as 2 people to a group as large as 9 people. There are various levels of speed. We generally bike anywhere from 1 hour to 2 hours depending on your ability. We ended one of our trips with breakfast at Crystals on Rehoboth Avenue or have stopped at Green Man for a smoothie.

We are a fun group who just like to get out and exercise. We will let you know our route ahead of time or at the beginning of the ride depending on what everybody wants to do. If you would like to join us, please email me and I will put you on the list.

Canal Pointe Card Club

The Canal Pointe Card Club has been meeting for about 3 months. We meet every 2 weeks on a Wednesday in someone’s lovely home for about 2 hours in the afternoon.

We play CANASTA. There are about 9 people in the group. In the beginning, a lot of the ladies and gentleman did not know how to play this game, but now they are pros. We are a fun group. We are always looking for people to join us even if it is just for the summer. It would be nice to have a sub list if you don’t want to play all the time. So if you would like to learn how to play CANASTA or pick up the game you haven’t played in years, come and join us, maybe meet new people in the community. Contact me Kathleen Cadigan at delacyk@me.com.

Swimming Pool Info

Issues of a pool attendant and pool passes have been tabled for further discussions after the 2014 pool season is completed. The pool hours have been extended from 8AM until 9PM, seven days a week, allowing adult-only swim for the first hour in each day (8AM – 9AM).

Note: The club house is now open 24 hours a day, 7 days a week for use by residents and guests over the age of 16.

Please remember that it is everyone’s responsibility to keep the pool area, grounds, parking lot and restrooms clean and orderly. Please help make the 2014 swim season an enjoyable one for all residents and guests.

Thank you,
Alison

Happy 4th of July

Downtown Rehoboth will have fireworks on the July 4! No parking is available across from Jungle Jims this year. A hotel is being built there.

To see what’s playing at the Rehoboth Bandstand, go to http://www.rehobothbandstand.com
Leader of the Pack
By Kathy Pizzadili

On Wednesday, June 18th, departing at exactly 7:00am from the Lewes Ferry Terminal, a group of cyclists started on a 15 mile journey. Governor Jack Markell was the leader of the pack, as we went over the new bridge and bike trail at Gordon’s Pond. This journey would eventually go past Henlopen Acres and around the circle, over the draw bridge onto Church Street, Canal Street, past Canal Corkran onto Hebron Road.

That’s where these two Canal Pointe residence decided that 10 miles, one hour of heavy nonstop peddling, was all these senior citizens could accomplish. Now mind you, we were peddling with some of the “Sussex Cyclers”, Secret Service Men to the Governor, and Police. All in great shape! At one point when I could not make it up the third hill in Henlopen State Park, I had help from one of the Governor’s men, who breezed by and gently placed his hand on my back to give me the extra push I needed. Mary Ellen Monos felt the same way I did, “we were out of our league.” So feeling proud that we made it two thirds of the way, we headed home. Alison Crouch, the other resident of Canal Pointe, made it all the way. Kudos Alison! She continued on to pick up the junction trail off Hebron Road to return back, along with the group, to the Lewes Ferry Terminal. As Alison is an experienced cyclist, she told me that this was a very easy ride for them going about 13 miles per hour.

There really wasn’t any time to take pictures. I managed the top picture when we took a 30 second stop. More information can be found in the Cape Gazzette, as Alison informed me that there was a photographer, on hand from the Cape Gazzette, taking pictures throughout.

This is just one of the many biking trips that was planned by the Canal Pointe Biking Group. If you are interested in joining the group, please contact Kathleen Cadigan at delacyk@me.com
On Wednesday, June 18th, Jack and Linda Casto departed Canal Pointe at 9:00 A.M. to attend the grand opening of the Gordons Pond Trail connector. We rode our bicycles through Rehoboth to the State Park, and on to the new bridge that had just opened that morning. We cycled over the beautiful bridge to the parking lot on the other side in the Cape Henlopen State Park where Governor Markell was scheduled to speak at 10 a.m. We asked a DNREC Representative if we could present our "Congratulation" card that many Canal Pointe residents had signed in May at Gary and Irish's Wine Club Party. We were pleased to hear the Governor would like to receive the card in person. After we parked our bicycles we mingled with many local residents, State Officials, DNREC Officials, the Sussex Cyclist Leader, the club Leader from the Wilmington Trail Riders, a Leader from a local Running Club, and many other guests who were scheduled to speak at the Ribbon Cutting Ceremony.

The ceremony began and we listened to several speeches presented for the Grand Opening of the new trail connection. Then the Governor made his speech. At the conclusion of the presentations, an Official told the Governor a resident from the Grande at Canal Pointe had something for him. Jack and I were asked to come forward. Congrat card in hand and Jack with his camera ready to photograph the moment, I walked over to the Governor, shook his hand and told him I live at the Grande at Canal Pointe on Hebron Road. I explained that the residents and I want to thank him for his support, encouragement and inspiration in completing this wonderful 16 mile loop that passes in front of our development. The Governor opened the "Congratulation" card, smiled, read some comments inside and said, "Wow! Thank you so much!" He put his arm around my shoulder and we were photographed with the card in his hand. I commended the Governor for being an avid bicyclist.

Jack and I watched the unveiling of the trail's way sign and photographed the Ribbon Cutting ceremony. Each of us in attendance was offered a bottle of water for our bike journey home and a beautiful print celebrating 50 years of Cape Henlopen State Park and the Gordons Pond Trail Grand Opening that was on display at the podium.

After the ceremony, we continued our leisurely ride past the Ferry and stopped at the Beach Deli on Savannah Road in Lewes for lunch. From there, we traveled onto Gills Neck road, onto the Junction and Breakwater Trail and back to Canal Pointe. Our speedometer read 16 miles as we pulled into our driveway. How exciting it was to be able to make a complete loop from our entrance. We look forward to doing it again very soon. If you'd like to see video of the event go to [http://youtu.be/Bp0KPGtYgjE](http://youtu.be/Bp0KPGtYgjE)
The Grandest Neighborhood

Maslow says we begin in infancy, self-centered and needy. We come to realize we are an integral part of our family, then a resident of our community that asks our participation, and then a citizen of our world that requests our contribution.

I hope you are as thrilled to be a part of this community as I am.

When I wrote POPPIES, three years ago, in Maryland, I thought it was a love poem was about Irish and me.

Not until our wine party, last month, when I read Poppies aloud to a houseful of our assembled neighbors, all good people, such kind souls, did I realize that I had unknowingly peeked into the future for Irish and me when I first set down this verse.

POPPIES

Two bright orange poppies
With single eye centers
Were turned toward the sun
As all poppies must do.

Then one day, a Tuesday,
Perhaps it was Thursday,
One poppy turned sideways
And said, "I love you".

Although the beloved
Could not face her suitor
She still stood up taller
And beamed like the sun.

And after a while
As the days became fortnights
She turned towards his petals
And said, "You're the one".

They loved and they lasted
The entire season
And out of pure passion
For one extra day.

And next year, their seedlings
Were born with the power
To turn towards their neighbors
And say, "Let us play".

And so the two poppies
Created a tableau
Of flow'r's interwoven
In Love's gentle wreath.

If you take a moment
To look at the poppy field
You'll feel the joined rhythm
Of hearts underneath.

You can hear Gary read his poem aloud by clicking one of the links below

1. Windows  or  2. Mac

Gary is known as the Singing Stockbroker, because he sings at Ambrosia Restaurant on Wilmington Avenue every Friday night, and because he has been a stockbroker for 33 years. You can follow his exploits and find good places to eat while he sings on www.facebook.com/thesingingstockbroker

Gary Richman and his fiancé, Irish, live with Irish's 13 year old twins, Emma and Leo, on Manchester Drive.
ON MERSEY POND -- She's expecting!

She sits on her nest, every day, all day--for 6 weeks!
Neither rainstorms nor heavy winds will deter her from
Her maternal, nature-inspired duty.
Oh, the sacrifices mother homo sapiens and creatures
Make for their precious offspring.

Her mate wanders aimlessly, but patiently
In the nearby field,
Or he enjoys a swim in the pond.
She may join him--for a drink of water,
But she returns quickly to the guardless nest.

From my window, I see something white in the nest.
What could it be?
I look with my binoculars to view--Yes! They're eggs!

Soon we will see the babies, the tiny goslings,
Take their first swim in the pond.
And then the Branta Canadensis parents will proudly
Parade their new family around Canal Pointe--
The drake, mother goose, leading the file of goslings,
And her mate, the gander, guarding the rear.

Alas! A huge turtle suddenly appears nearby.
I pray his diet does not include eggs and goslings.
We shall wait and see
Rita D'Ascenzo
Stuart B. Galkin, Board Liaison, joined TPW in 2014 with over 20 years of property management experience. Prior to TPW, Stuart was a managing partner of Pine Management Group of Philadelphia, managing condominiums and apartment communities. Some of Stu’s other experiences includes retail director and project manager for the retail center at Comcast Center in Philadelphia where he was responsible for the launch of the retail operations at the tallest building in the city. Stuart was Vice President for Asset Management for Resource America based in Philadelphia, a private equity firm that holds and manages multi-family assets throughout the country. Stuart holds a Masters from Saint Joseph’s University in Philadelphia and is a member of Community Association Institute. Additionally, Stuart resides in Rehoboth Beach and is member of Seaside Jewish Center in Rehoboth Beach.

Trash
If you reside in a condominium or townhouse and utilize the trash dumpsters, please be sure to place all items inside the container. Do not leave anything outside the container. We are arranging for additional service during the 4th of July period and will keep you posted on the specific arrangements. For the owners of single family homes, there is an additional recycling container by the rear pool house for your convenience.
If you have bulk items, please call our office to coordinate pick up of any bulk items.

Smoke Detectors
It’s always a good idea to check and make sure your smoke detectors are working properly. Take a moment and test them to make sure they are operating correctly.

Bike Parking:
Coming very shortly, will be additional bike parking for the condominium buildings. We have purchased and will be installing shortly more racks to accommodate more bikes. Once they are installed, we will keep you posted.
As a reminder, parking of Vespa’s is not permitted by the condominium buildings. Any Vespa’s should park in a regular parking stall with other vehicles.

BBQ’s
Condominium residents are reminded that the use of propane BBQ’s or charcoal BBQ’s are not permitted near your unit, as it is a fire hazard.

Irrigation
As the summer season is now here, we are working with Sposato to monitor and maintain the common irrigation system at the community. We have arranged on a monthly basis to review the controllers, irrigation heads, timing of zones and other related issues. This will ensure that we have a beautiful lawn throughout.
By Irene Paonessa

We are excited to let you know that two of our homeowner’s homes have been chosen to be two of the seven houses in the 2014 Rehoboth Art League’s Cottage Tour. Ellen & Gary Hughes home at 41349 Gloucester Drive has beautiful original art including many of Gary’s original sculptures. The home is decorated in a white contemporary style which is reflective of peace and harmony. Irene Paonessa’s home at 41361 Gloucester Dr is a more traditional style with neutral shades dotted with orange and teals. The art work has some local and Annapolis artists including her 105 year old mom’s. There are also two of Gary Hughes whimsical sculptures.

The Rehoboth Art League Cottage Tour will be held July 8 and 9th from 10:00 am to 3:00 pm. There will be 7 homes and the Homestead, a 1743 colonial home listed on the National Registry of Historic Places on the tour.

The 7 homes show a variety of beautiful furnishings, art, modern amenities, different architecture and beautiful landscapes and hardscapes. The tickets are $30.00 and can be purchased on the Rehoboth Art League website.

All houses on the tour are located in the Rehoboth Beach area. The Jolley Trolley may be used to reach each location and is provided by the Art League. The Tour’s ticket and program book features original artwork of each home and includes addresses, descriptions, and driving instructions.

If you are interested in being a docent for any home on the tour, contact Rose at the Rehoboth Art League website www.rehobothartleague.org

Hope to see you at this wonderful event.

For more information visit the Cottage Tour website: www.tinyurl.com/ralcanalpointe
Sum, Sum, Summertime. Now that Summer is here, we will have access to lots of fresh local produce. Below are a few recipes I wish to share with you for your backyard BBQ or parties.

Gazpacho:

1 onion, finely chopped
1 cucumber, finely chopped
1 green pepper, finely chopped
4-6 tomatoes chopped
2 tablespoons white vinegar
1 teaspoon olive oil
1 teaspoon crushed garlic
2 cups tomato juice
Fresh basil
Salt & pepper to taste

Combine all ingredients in a large bowl, blend in food processor or blender until well-combined but still chunky. Chill at least 2 hours before serving.

Bruschetta:

20 (1/2-inch) slices French or Italian bread
6 tablespoons olive oil
½ teaspoon salt
¼ teaspoon pepper
3 medium tomatoes, seeded and diced small
2 tablespoons chopped fresh basil
1 lemon, zested
1 teaspoon minced garlic
1 teaspoon vinegar

Place the slices of bread on a baking sheet and lightly brush with olive oil. Bake until golden brown. While toasting bread, combine remaining ingredients in a bowl to blend. Serve each toast with a heaping tablespoon of the tomato mixture, garnish with more chopped basil.
Peach Salsa

4 Cups of fresh peaches diced, leave skin on
Cilantro, chopped coarsely
2 fresh limes
½ teaspoon- ground Cumin
½ teaspoon pepper
½ teaspoon salt
2 small Jalapeno’s diced
2/3 cups diced red onion
½ cup honey

Dice peaches, onion, jalapeno and cilantro and mix well. Add spices. Squeeze lime juice and add to mix and add honey, mix well again. Chill for a least one hour.

Watermelon Martini

A flavorful summer spin on your classic martini!
3 ounces of Kettle One Citroen
1 ounce Watermelon Pucker
½ ounce Triple Sec
Splash of lemonade
Splash 7-up
Slice of Watermelon for garnish.

Restaurant review:

Michy’s is located in the Food Lion Shopping center. Opened for about a month, the portions are large and there is a nice selection to choose from. The appetizers are unique and tasty. We tried the sweet and sour fried calamari, pea soup, and firecracker shrimp. The entrées range from $12 to $29. We sampled the Sea Bass, Crab cake, Chicken Milanese and the burger. They have happy hour daily from 4-6 o’clock.
Cleaning tip of the Quarter: To easily clean a thermal stainless steel coffee carafe, drop a Cascade dishwasher Pac (or other type of dishwasher pac) into the carafe. Pour boiling water to fill the pot and let sit overnight: In the morning, rinse the carafe thoroughly. It will look brand new! The first time I did it we were amazed! Check it out!

Pet Corner

Teak, Abby and Willow

by Kim Truesdale

Meet our crazy crew. All three are rescues and are our furry children since we have none of the human kind. Scott and I own Teak and Abby and my sister, Allison, is the mother to Willow AKA Beaner.

Some of you know them already. Teak is the little Dachshund that barks non-stop when you come into his house. Abby (Long-haired Doxie) is always at the door too, to give you a big kiss if you are into that sort of thing. Willow (40 lbs. Mix) is the one hanging out in the living room waiting for you to talk to her.

These “little” dogs are very different from our childhood and early adulthood dogs. My family raised Labrador Retrievers and my grandmother was even a Field Trial trainer. Most people who knew us during those years find it very hard to believe we have and enjoy such small dogs.

I always tell people that smaller dogs are so much easier to take care of and travel with than a 100-pound Lab.
Here's the Poop
By Kathy Pizzadili

Ok, so summer is here and we all like to take advantage of these gorgeous days to walk our dogs. Some residents have been ever faithful in picking up after their dogs. Some haven’t. Some think that the open lots are fair game to just leave the waste. After all, nobody lives there, and the rain and sun will dissolve it, right? Wrong. Before the elements can take care of that waste, there will be at least 10 or more dogs in the neighborhood that will have walked past it, smelled it, and some (if you are faint of heart don’t read any further) eaten it.

I, like everyone I know, cares about the health of their dog. Please respect and be considerate about the health of your neighbor’s dogs.

Also, there are people who think that because their dog is little, and does little poo-poos, that they won’t be seen, right? Wrong. There is nothing more offensive then to see poop on your front lawn. How can anyone be that inconsiderate?

Here’s the Scoop
A big thank you goes out to all the residents that “scoop up” after their little furry canines. We have a wonderful neighborhood here and we are all trying to beautify it. So I invite everyone to join in in keeping our grounds waste free and thus disease free. We can’t do anything about the geese droppings, but we can do something about our dog’s waste!
